Remember Pearl Harbor !

You shall know the Truth and the Truth shall make you free from the Usurers who planned and carried out the Pearl Harbor attack with the help of the U. S. General Staff and sacrificed needlessly human lives on Bataan, Iwo Jima, Normandy, etc.

FDR and all high politicians in the Democratic, Republican and Communist parties are working against the Republic to reduce this nation to the level of British subjects who, also, are becoming Soviet puppets.

VOLUME XVI. No. 1 SAN DIEGO (5) CALIFORNIA MONDAY, SEPTEMBER 24, 1945 $2.50 PER YEAR—SINGLE COPY 5 CENTS

Thomas Dewey, Stooge of International Conspiracy

Herbert Hoover lost the Presidency to FDR because he did not keep faith with the people of the U. S. and the ideals of a free Republic. He was and is a part of the International Machine that is bringing on world wars regularly for its own profit by looting both warring parties. Herbert Hoover knew what Lindbergh so pointedly and truthfully stated at Des Moines: "The British, the Jews and the Newdealers..." are working to get us into war.

The Newdeal is nothing but the wrecking method and crew of the International Usurers who profit from war and bondage.

Hoover had all the information of the plans, methods and stooges in the U. S. A. who prepared to wreck this nation, this Republic and put it in complete bondage to the Usurers. But knowing the whole totalitarian NRA plan that was to culminate in war, Hoover dared not take the people into his confidence, and dared not disclose the plot, so he lost the election to the British, the Jews and the Newdeal.

Now Tom Dewey did exactly the same thing because he, like Hoover, is a stooge and tool, like FDR was also, of the same gang that produced Pearl Harbor. It was planned in advance. Churchill worked for it, Tyler Kent discovered it, every patriot in England and the U. S. A. was jailed to keep it secret. Even I was jailed because The Broom dared point to the truth right after Pearl Harbor that Japan was forced and tricked into attacking the U. S. because FDR, as a tool of the Internationalists, had to have war.

That Tom Dewey at no time worked for the Republic but for the British, the Jews and the Newdeal is proven by the following United Press report:

Pearl Harbor Story Known To Dewey In 1944

G. O. P. CANDIDATE REFRAINED FROM USING 'CLUB,' SAYS MAGAZINE

NEW YORK,—Gov. Thomas E. Dewey "knew the full story of Pearl Harbor" but refrained patriotically from using it to his political advantage in the 1944 presidential campaign in view of his respect for Gen. George C. Marshall, Life magazine disclosed in an advance release of its Sept. 25 issue.

Life said that Dewey's bitter Oklahoma City speech "must have frightened the war department into believing that the Republicans planned to spring the truth about Pearl Harbor." Next day, the magazine article points out, an army colonel called on Dewey and presented him a letter, the first paragraph ordering him to stop reading at that point unless he was prepared to keep the rest of the letter secret.

JAP CODE CRACKED

"Despite his curiosity," the article states, "Dewey obeyed the order; he stopped and told the colonel that the letter possibly contained material which had already come to him from other sources and that anyway, a candidate for president was in no position to make blind promises."

Dewey returned the letter. Later he received another letter from Marshall. It gave Dewey permission to read the entire letter and keep it.

"In substance," the article states, "the letter told Dewey what he already knew, that we had cracked the Japanese 'ultra' code. But is was of the highest importance, said Marshall, that the Japanese be kept from realizing it."

The article asserted that "the Marshall letter put Dewey in a terrible dilemma, which he talked over at length with Herbert Brownell and Elliot Bell, his closest advisers."

FOLLOWED MARSHALL

"Could they believe that the Japanese were still adhering to the old code?" the article continues. "Or was Roosevelt using his chief of staff as a means of forestalling charges and inquiry?"

The magazine states that "after wrestling with his conscience for a long time, Dewey decided to follow George Marshall, whom he regards as utterly truthful and honorable."

It was recalled here that in Dewey's Philadelphia speech he praised Marshall and Gens. H. H. Arnolds and Dwight Eisenhower, asserting that he would retain them if he were elected president.

The Life article points out that the army report on Pearl Harbor says: "Information from informers, agents and other sources as to the activities of our potential enemy and its intention in the negotiations between the United States and Japan was in possession of the state war and navy departments in November and December of 1941."

"Just what the 'other sources' of information were is not made quite clear in any of the official Pearl Harbor reports," the magazine states. "But long before the nation went to the polls it had come to Thomas E. Dewey's attention that we had cracked the Japanese 'ultra' code some time prior to Pearl Harbor and that Roosevelt and his advisers knew what the Japanese were going to do well in advance of the overt rupture of relations."

The magazine asserts that "Dewey, realizing this, was in a position to charge that the president had 'betrayed' the interests of the U. S. in failing to forestall or mitigate an attack for which we were, on the certification of Gen. Marshall, not yet ready.

"The political impact of such a charge, if supported by the evidence of the code-cracking, would have been terrific, and might well have landed Dewey in the White House."

IN MEMORIAM

FORT WAYNE, Ind.,—I see by today's TRIBUNE that Harry Hopkins has been named as head of a committee to make recommendations for a suitable memorial for F. D. R. What epitaph could be more suitable for use on that memorial than "Remember Pearl Harbor"?

VERA SESSLER

"They Sold Their Relatives For 30 Pieces of Gold," Says Writer

Dear Mr. de Aryan:

I have been reading The Broom for a few years and have found it quite the good work. Today I would like to reply to Mr. Kurt Mertig.

Re: "National Self-Abasement

Who is it but the greater percentage of American citizens of German origin who can be credited with the present situation of the German Homeland. When the war started, 1939, they most definitely showed lack of courage and self-respect. They most certainly did not stand by "mute" and "inactive", but rushed for well paying jobs in war plants and outdid each other in buying war stamps, no matter how few, to protect themselves in case. If these citizens had had the guts to have had—"pride of ancestry"—right or wrong—like other citizens of foreign origin would have had, the mess the world is in now would never have materialized. Unfortunately they had that disease that can only be cured by "gold" and have forever stigmatized the name "American Citizen of German Origin."

Any nation condoning the murder of fathers and mothers, sisters and brothers, yes even sons and daughters, for material gain, is surely built on sand. There is not enough gold in this world to wipe out the tears, the heartache and the suffering of all the bloody war years, no matter where the conscience of —"American citizens of German Origin"— is to awaken in some cases. "News, bad news, unbelieveable news" is seeping through, should the mails be opened soon there will be wailing and gnashing of teeth, especially of those who sold out for thirty pieces of silver.

Again I say if "the American citizens of German Origin" had had "pride of ancestry" when the war first started, there would not have been all this slaughter. But there is a law of averages and just retribution for the laws of nature cannot be disregarded. There never will be "disgrace" and "discredit" attached to the name "German" but most assuredly to the name "American citizens of German Origin".

And where does Mr. Mertig get the idea that "disgrace" and "discredit" is attached to the name "Negro"?

A proud German, ELSE MOELLER.

Dear Sir:

Regarding the (joke of) re-education of the Germans. If every last one of the Germans in the United States (and elsewhere) would do like the Jews do, everyone of them get behind the cause and send Mr. Mertig even a penny a piece to fight this destruction of the Germans, who are white, gentile and have decency in their veins and honor in their hearts and brains in their heads, (only they don't know how to exploit themselves into union of action). Now in Germany they are being starved, a whole nation to satisfy the ego of the jews. Now the Germans **have got to protest this to a man, woman or child,** all over the world. If each only gives a penny Mr. Mertig will have something to go on and then a thousand leaders of German descent should get together. They could do something mighty quick and see what would happen! That's the answer! Stop this disgrace on U. S. in favor of the Jews!

F. D. Arabian Pledge Disclosed

Egyptian Reveals Anti-Zionist Stand

CAIRO,—Adbul Rahman, Azzam Bey, secretary general of the New Arab League, said that the late President Roosevelt gave a pledge to King Ibn Saud of Saudi, Arabia, that he would not support any move to hand Palestine over to Jews.

The pledge was made, Azzam said, after Ibn Saud—most powerful of Arab leaders—told Mr. Roosevelt that if Palestine were given to Jews he would start a war against the Zionists and all who supported them.

Azzam said that Ibn Saud personally told him of the dramatic meeting at which the pledge was said to have been made and that several high-ranking American officers witnessed it.

(Mr. Roosevelt met Ibn Saud on his way back from the Big Three Crimea conference).

Azzam is foreign undersecretary in the Egyptian government as well as secretary of the league. He said Ibn Saud told him of the pledge soon after it was made.

The Arab chieftain told Mr. Roosevelt, according to Azzam:

"If Palestine is given to the Jews I will never rest until I and all my sons have been killed in the defense of Palestine".

Editor's Note: Just after this pledge or meeting of F. D. R. with Ibn Saud, at which time F. D. R. anounced that he had learned more from the Arabian chieftain on the Jewish question in one hour than he had ever learned before in all his lifetime; whereupon, the Jews announced that they would "teach F. D. R. that he could not slander the Jews in that fashion." And in less than a week, F. D. R. was dead.

Dear Editor:

What fortunes these foreign racketeers must have made in our country when FDR sent our men to foreign countries to fight to take our country over like they did in Germany and rob us of our liberty and give it to these foreign born to do as they please in our America. Could our forefathers see this they would turn over in their graves for they warned us of what these foreigners would do if ever we allowed them in our country, but most of the people have been asleep or do not seem to care. And do just as these foreigners want them to do. The people were lead to believe that the war is over, but it is not over by any means. If you kept your money and did not buy bonds the war would stop at once. Enough innocent people have been cold bloodedly murdered by the aliens. The atrocities that they have committed against the German people and the Japs has no name to describe it but it will come back to them some day. — — T. H. E.

Germans Had Copies Of Secret Allied Messages

BAD WIESSEE, Germany,—Code messages exchanged by former President Roosevelt, highest ranking American diplomats, Winston Churchill, and other foreign statesmen before and during the war were discovered—nearly decoded—in German files which were fished out of Lake Wiessee. Rescuers trying to recover the body of a drowned man brought one of the cases to shore. A representative of the counter-intelligence corps realized the contents were of vital importance and naval experts were called to inspect the lake and recover cases the Germans had hidden there.

The documents proved to be telegrams by members of the governments of the United States and other allied nations. The Germans had decoded them despite our great efforts to keep the codes a secret. The Germans mimeographed the decoded messages and circulated them to all offices dealing with political matters.

Immediately after the documents were discovered here they were flown to Washington, D. C.

New York Christians Like MacArthur, General & Humanitarian

"Reds" Unfriendly—G. L. K. Smith Visits New York—Fritz Kuhn Deported

NEW YORK (Special), Sept. 7,—The sharp cleavage between the "free enterprise Christians" and the "Communist-Atheists" has suddenly shown up in another guise here in Manhattan in the matter of MacArthur, Administrator of Japan.

The red left-wingers here are sore that MacArthur did not promptly turn Japan over to the Jap red underground, and help the original atheists to purge the Japanese industrialists, free-enterprise statesman and the small minority of Christian Japanese patriots.

The Reds' policy is for a "hard peace"—both in Japan and Germany. Lynch courts, Moscow mass trials, execution by the hundreds of thousands.

In their complete ignorance of history and the Christian principles of "love and forgiveness" and "return good for evil", they would sow seeds of hate that might result in perpetual war.

They forget, or perhaps do not know, that the "hard peace" foisted upon the defeated American Southerners after our Civil War built up a wall of hatred that even eighty years have failed entirely to wipe out, and resulted in the elimination of an "opposition" party in ten Southern States.

New York Christians (and some fine-souled Jews) believe that with decent treatment of Japan's civilians, we could win their friendship, make them realize how wrong were their rulers in past years, cause them to admire free self-government in a limited monarchy, place the better-souled people of Japan at the top of the government, and work for a nobler-spirited Japan, which would be a powerful bulwark against the menace of world communism.

Smith in New York

Hon. Gerald L. K. Smith of Detroit spent some 36 hours here last week, registering at the Hotel Berkshire on East 52nd Street. He conferred with political friends and some reporters, mostly unfriendly.

The red press gave him unfair and critical write-ups. The erstwhile "G. O. P." organ, "The Herald Tribune," gave him a half-column, fairly objective, not too prejudiced exposition of his monetary theories and plans.

It asserted that he had hitched his isolationism for a monetary plan, combining some of the features of Townsend and Coughlin, which would ensure about $8,000 a year income per family in America.

Critics, however, wonder how any family can be paid for more than it can produce, and how a hillbilly family on a ten-acre farm in the south, producing only 5 bales of cotton (value $500) can be boosted up to $8,000 a year, without an inflationary rise in the price of cotton to, say, $3 a pound.

KUHN DEPORTED

Poor Fritz Kuhn, who swore that he really loved America, spoke too harshly of the Jews. An indictment was cooked up, charging him of spending on a lady friend some of the money which his fellow-Bundsmen had contributed, and Dewey sent him to prison for 2 and one half to 5 years; served about 3. Been in internment after his enemies had his citizenship revoked in 1943.

His wife was sent back to Germany in 1944, with a son, Walter, born here.

Fritz was deported on a freighter, with other deportees, yesterday, on an unusual and somewhat despotic ground. As the N. Y. Times states, "he will be the first person deported from the United States under a PRESIDENTIAL PROCLAMATION barring persons for security purposes".

Attorney General Tom Clark ruled that Kuhn was an enemy alien, "dangerous to the public peace and safety of the United States, because he had adhered to the government of Germany and to the Nationalist Socialist principles thereof."

Kuhn came here in 1928 and became a citizen in 1934.

What Every American Should Know

SPEECH OF

HON. ALVIN E. O'KONSKI,

of Wisconsin,

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 3, 1945

(Continued from last week)

But this is just the beginning of the bloody trail of America's international do-gooders. Because in 1930 these greedy business manipulators said there is more business to be had from Germany if we would only make the German people more prosperous and happy. So in 1930 the international do-gooders put through the Young plan and America gave Germany another loan of $300,000,000. With this second loan from the U. S. A. the Krupp munition works got bigger and better and really started to turn out guns and gases. Herr Thysen got some more money from this second U. S. A. loan and made more billions with which he later financed Hitler.

During all this time that America's international do-gooders were shedding tears for the poor Geman people—German taxes were lower than those in U. S., France, Britain, or any other country of note. During this time when our international do-gooders were shedding tears for the poor German people, Germany built not one but seven stadiums in the world. U. S. A. could not afford not even one for itself because our international do-gooders wanted it that way. Why worry about stadiums for America when the poor people of Germany needed our help. During this time Germany was building railroads that even U. S. A. and Britain could not afford. Still we the suckers, were helping Germany with loans. To be exact, Germany's taxes at this time were one-fourth of those in Britain and one-half of those in the U. S. A. and still the international do-gooders said we must make Germany happy if we want to be happy. We were beginning to get breadlines in America at this time while the German people accumulated savings accounts of $3,000,000,000. Still our international do-gooders made suckers out of us by impoversh-ing us and feeding and financing Germans. Business is business, and our international do-gooders think business is everything even if it means ultimate death for our boys. But even if they knew such business meant death to our boys they would still be for this shameful game, because when our boys are forced to bleed for their profit they are assured of a land office business—business gets better as wars get bigger.

This is the type of thing our international do-gooders, like Baruch, specialize in. Between 1918 to 1932 our international do-gooders, bleeding for the poor German people, got the U. S. A. to loan Germany $1,364,000,000. Besides this American businessmen invested $250,000,000 in Germany during the same time. During this time we also stepped up our exports to Germany to be sure Germany would not starve and that she had everything she wanted. This type of thing took place until 1937. During all this time our international do-gooders shed crocodile tears for Germany—poor Germany and its people. But in 1937 Hitler announced to the world that the sucker game was over. While we were taxing our people here in America—taking food and clothing and conveniences from them—millions of our own people here at home were already in bread lines. The international do-gooders said we must not turn our eyes from suffering Germany—we must help them. Help them we did because in 1937 Hitler announced to the world that the sucker game was over because with financial help from America and Britain he was able to spend up to 1937 more than $40,000,000,000 rearming Germany and that Germany was now the greatest military power in the world.

Who made Hitler? Nobody but America's international do-gooders gave Hitler the money to make the weapons that killed our boys. Still the international do-gooders did not even blush with shame. Business is business, and business is all they are interested in. The fact is that without America's help Hitler never could have become so powerful as he did. It was America's help that financed Germany's war machine. We were depriving ourselves of everything. But the international do-gooders said we cannot prosper unless Germany prospered. So we made Germany prosper so much that as a result 800,000 of our own boys paid with blood to destroy Germany again. That is the plot of international do-gooders. They want the business out of building up an enemy because they then get more business and profit out of destroying the enemy. American human lives to international do-gooders are merely a means of profit and doing business The more wars the more business. The international do-gooders build enemies so that we can destroy them and build them up again. This way they they get business from both sides. And the international do-gooders love business. They love business more than they do the lives of our boys who die to make more business for them—Baruch, Mellon, du Pont, Morgan, Rockefeller, and Morgenthau.

WHAT ARE AMERICA'S INTERNATIONAL DO-GOODERS UP TO NOW ?

Hang on to whatever you are holding when you read this because it sounds as fantastic as it is real. Germany is crushed. Morgenthau saw to it that nothing was left of it. The more Germany was crushed the more America could give away in building it up again. And there is a lot of business and profit in giving America away as long as taxpayers are suckers enough to furnish the dough. The more destruction the more we can give away in rebuilding—and how Morgenthau and company like to give America away. To make peace with Germany to save American lives was of no concern to Morgenthau and company. So Germany was forced to make peace with Stalin before America. To insist on this, Morgenthau and company were sure to see Germany completely destroyed. Now look at the business and profit there will be in rebuilding Germany. Look at how much Morgenthau and company can give away now at taxpayers' expense. Now they will call the rebuilding of Germany a humanitarian deed. They will not say anything about how much business and profit and graft there will be in it.

Japan will be another case in our Santa Claus plan. The international do-gooders built Japan from 1932-1941. Now they do not want to give Japan anything but unconditional surrender. They want to be sure that everything is destroyed in Japan. Then there will be another chance for the international do-gooders to give some more of America away in rebuilding Japan. Giving Japan better terms to save American lives does not concern the international do-gooders. These givers relish giving things away. When did they prosper more? When did they chisel and graft more than during war? Give—destroy—and give again, so that we can destroy again to give again—that's the stock in trade of America's international do-gooders. With such a circle operating they are assured of perpetual lifetime profits. They can always make big men of themselves by taking a dollar a year job to see that profits get into the right places.

HOW FAR WILL INTERNATIONALL DO-GOODERS GO?

The answer to this question is that they know no moral law and they have no shame. These international do-gooders will embrace anything and everything to keep going. Recently we have seen this crowd embrace and court the Communists. Because they love communism? Do not be silly. Communists do not like profiteers. But Communist Russia today is the most fertile field for international do-gooders to give America away. So all of a sudden America's international do-gooders and the Communists have fallen in love, and what a courtship it is.

The Communist see in this a chance to weaken America and strengthen Communist Russia so they are accepting the courtship. No longer do the Communists denounce profits and big business. They are sweethearts now. As long as anyone makes a profit feeding Communist Russia it is O. K. with the Communists. So get ready, U. S. A., because what you have seen is only a sample. Get ready to dish out because now you are to be taken to the cleaners for good.

(To be concluded)

U. S. Gestapo in Action

Mr. James J. Laughlin,
National Press Building, Washington, D. C.
Dear Mr. Laughlin:

Fritz Westhoff, a U. S. citizen, residing at 17 W. 95th St., NYC., and the Citizens' Protective League, Kurt Mertig, chairman, 317 E, 54th St., NYC claim that:

Ferdinand Westhoff (a brother of the above named Fritz Westoff), born in 1907 at Bremen (Germany) during a vacation trip of his parents from Peru to Germany, and who has not been in Germany since he was about five months old, and who has been a resident of the Republic of Peru for approximately 30 years, where he was an employee of the agent of North German Lloyd at Lima (Peru), as well as an unspecified number of John Does, all residents of Latin-American republics in this Western hemisphere are now held in custody of the U. S. Immigration and Naturalization Service at Ellis Island, N. Y. Harbor, **for immediate deportation** by S S Ezra Thompson and/or other vessels to German concentration camps and/or France, Russia, etc., to be employed there as "slave labor".

Ferdinand Westhoff and the unspecified number of John Does constitute the last **shipload** of German nationals (originally calculated far in excess of 10,000 and less than 50,000—no exact figures being available for the general public)—who after having lived in South and Central-American republics for many years, have been "shanghaied" by U. S. agencies, such as the State Department, the Department of Justice, the U. S. Army and Navy, etc., all during the years of 1937 and 1944, with or without connivance of the respective Latin-American countries. They were seized on mere suspicion of being inimically inclined to the United States, interned either in the respective South—or Central--American countries, of which they were long year residents, or brought to the United States by ship, airplane or other conveyances to be held since then incommunicado in the different internment camps of this country. Now that the war is over, instead of being returned to the countries, where they were "shanghaied" and where their families live, as per original agreement with the different Latin-American countries, they are now, to be deported as quota of German "slave labor" to European Allied countries, which in many cases will mean certain death to them, as they are not used to digging ditches etc, etc.

We now ask you, dear Mr. Laughlin, to prepare immediately an injunction against the U. S. State Dept., U. S. Department of Justice of Washington, D. C., and the U. S. Immigration and Naturalization Service of Philadelphia, Pa., to stop the scheduled deportation procedure, and use all possible speed, as the shipment of **Ferdinand Westoff** and the unspecified shipload of John Does of German nationality and former residence in various Latin-American countries of the Western Hemisphere is to be effected on Monday, September 10, 1945 and to demand that the above mentioned departments show cause, why these German nationals should not be returned to their families in the different countries, where they were "shanghaied" from.

We know as a certainty, that in the case of Ferdinand Westoff, the Peruvian Embassy in Washington, D. C. had not been notified by the aforesaid U. S. Agencies of his scheduled deportation to Germany.

The vague claim made by the U. S. State Department that Ferdinand Westoff as well as the shipload of John Does "adhered to the Nazi government and its princples" were "dangerous to American security in the Western hemisphere" is too silly to be considered seriously in view of no government in Germany existing anymore since over four months.

This matter is an outrage and a blot on the good name of the United States and is bound to create repercussions detrimental to Unity not only in the United States proper, but also throughout the entire Western Hemisphere.

We attach hereto the check of Mr. Fritz Westhoff of $250 as a retainer, as agreed upon during our telephone conversation and depend upon you to do the needful immediately and present the injunction before Judge Goldsborough or another judge in the Federal District Court on Monday morning without fail, AS THIS IS **URGENT.**

The writer shall be pleased to see you on Tuesday mornig at 9 A. M., when the injunction the Citizens' Protective League, pending since the 1st of August is scheduled to be heard.

With kindest regards, very sincerely yours,
KURT MERTIG, Chairman CITIZENS' PROTECTIVE LEAGUE.

* * *

Story of Ferdinand Westoff to the best knowledge of his brother, Fritz Westoff:

Ferdinand Westoff was arrested and interned on charge brought against him by the FBI. This information was furnished to Fritz Westoff on occasion of his visit to the Mr. Clattenburg, asst. chief of the Special War Problems Division, on or about August 22nd.

This supposedly reliable information of the FBI is as follows:

"Ferdinand Westoff has received money from the German government and has distributed parts of this money to various members of a German spy ring in Peru. He has associated with known spies and saboteurs."

Mr. Clattenburg also said that proof of these charges were not contained in his files, but that they were kept by the FBI and could therefore not be shown to me.

When I asked why Ferdinand Westoff had not been put on trial, Mr. Clattenburg said "we do not give them trials."

I have not had an opportunity to ask my brother about the possible grounds for such charges until September 6, when I saw him for the first time since June 1938, when I passed on a steamer through Callao.

Ferinand Westoff said: "I was employed by E. & W. Hardt, Lima, Peru, shipping and insurance agents; my job was to handle shipping business in the port of Callao (Peru).

"When the war broke out in 1939, a number of German vessels took refuge in the port of Callao and also members of the crews of other ships assembled there. They were crew members of North German Lloyd steamers for which my employers was agent. Therefore, the agency was responsible for the maintenance of the crew members, to avoid having them become 'beachcombers'. It was my duty to supply these marooned sailors and officers with funds for their living expenses. These funds were supplied from the account of the North German Lloyd and later, after the North German Lloyd funds had become exhausted, further monies were supplied to the agency by the German legation in Lima, (Peru)."

He affirms that he has not engaged in political activities and has not belonged to the Nazi or any other political party.

About two years ago, all South and Central American internees were asked by the authorities, to which country they preferred to be deported to after cessation of hostilities. Ferdinand Westoff, having been anxious to make a visit to his parents living in Germany said he wanted to go there, but since then has notified the authorities that he wanted to be returned to Peru.

Mr. Clattenburg told me that my brother's return to Peru was out of question and that all interned German nationals were to be returned to Germany, that however the consent of the Peruvian government was still outstanding.

A friend of mine, while on a visit to Washington during July, inquired at the Peruvian Embassy as to the status of Ferdinand Westoff and was told that the matter was under discussion in Lima between the Peruvian and American authorities.

The secretary of the Peruvian Embassy also stated at that time that to his knowledge the Peruvian government had no objection to Ferdinand Westoff's return to Peru. In the case of German nationals who had married Peruvian women, the Peruvian government was anxious that the German interned nationals should be returned to their families in Peru.

Ferdinand Westoff is not married and has no dependents in Peru.

I, Fritz Westoff, an American citizen since March 1935, object very strongly to deportation of my brother, Ferdinand Westoff to Germany or any other place, where he does not want to go.

I had written previously to the State Department, the Department of Justice etc., (since the end of hostilities with Germany) asking for release of my brother, but without success.

FRITZ WESTOFF

To The Editor:

Labor troubles, unless checked promptly, will raise particular something in our country. Every effort possible should be exercised to end this turmoil. Probably the quickest and most practical method would be to turn over the atomic bomb to the C. I. O. General Motors and Henry Ford would then grant every demand in no time flat. FRANK C. HUGHES

With the help of Stalin, the Chinese Communists will attempt to take the control of the Chinese government away from Chiang Kai-Shek. China is approaching her bloodiest war —a civil war.

by Attorney Jeremiah Stokes. It is a scholarly compilation of original facts from authenticated records and documents. It is fully documented. It is the last word on Communism. And it defies refutation.

England and several other countries are already in the clutches of Communism.

If America, the Constitution, the Republic, the people's freedom, their homes, property, family relationship, churches, schools, institutions, system of jurisprudence and Christian civilization are to be saved from this atheistic, barbarous and tyrannous evil the people must quickly know the truth about its aims, doctrines, plot, program, tactics and activities. AMERICA'S CASTLE OF FREEDOM bares all this to the taproots.

(Continued from last week)

When the time came for Elizabeth to deliver her first-born, there was so much commotion among the people regarding the event that divers opinions were circulated as to the miraculous birth, and when it was announced that his name was to be Yeouan, it only served to make the outcome more mystifying. Some were pleased with the event, while others again looked upon it less favorably, fearing that Zacharias's greater attention would not only be paid to his boy but that his vast estates would receive an heir, which fact was an unexpected hindrance to their speculations.

When Yousef learned that Miryam would no longer be needed by Elizabeth, and as his business required his presence at Jerusalem, it being the month of December, he called at the house of Zacharias in the country to inform Miryam to keep herself in readiness to start on her homeward journey as soon as he had completed his business transactions at the great city. Upon seeing Miryam he became rather suspicious as to her condition, and altho assured of her innocence by Elizabeth he was not inclined to believe, and expressed himself to that effect in unmistakable terms.

Yousef was not willing to take Miryam with him until Father Eliye came to him by night to remind him of the duty he owed to Miryam as her guardian and relative, and his duty to the Order he professed. At length Yousef consented to receive Miryam, and to shield her, as well as himself, announced her as his wife and agreed to take her to his county home at Bethlehem, near the city of Nazareth, in the province of Galilee.

Before Miryam and Yousef departed for Galilee, Elizabeth gave birth to the promised child, Yeouan, who was presented at the Temple a week later according to the custom.

After presentation in the Temple at Jerusalem, Yeouan grew to be the pride of his parents and an object of much speculation to the wise, the soothsayers, star gazers and astrologers, for he was born in the sign of the Sun, or the cup of Sagitarius and Capricorn, and in the latter half of our month of December.

Shortly after the days of festivities, Miryam and Yousef journeyed northward to Nazareth and later to their home in Bethlehem, where Miryam lived unmolested by neighbors until her day of deliverance. Meanwhile Yousef followed his usual occupation at Nazareth, then quite a literary center for the liberal-minded Arameans and Neo-Platonians and a stronghold of the Order of Essenes, an outgrowth of Judaeism and Gheberism, or Zoroastrianism.

About that time three Magi, from the mountainous country of Iran, learned in the signs of the times and versed in the subjects appertaining to phenomenal conditions in nature, tarried for a time at Jerusalem in conference with representatives of their Order, convinced that a change in the affairs of the people of Israel was at hand. They had seen the manifestation of thot-waves strongly focused upon the atmospheric mirror and materialized in the form of a star, and following their strong inclination found their impressions reflecting within the boundary lines of Israel.

After some searching the Magi learned of the wonderful boy born of aged parents, and of the many blessings bestowed upon his head by the partriarchs, seers and astrologers. Determined to verify these statements they called upon the learned of the church from whom they received but little information, and deciding to rely more fully upon the news heralded about the Temple they again set out in search of the child of prophecy about whom there was a great deal of controversy, both within and without the Temple walls.

Finding the home of Zacharias, the Magi learned from Elizabeth more than they had expected, and profiting by the information departed without delay for Galilee. On the way they were overtaken by Father Eliye, who had learned of the strange visitors thru Elizabeth, and took advantage of this opportunity to impart to the Magi much valuable information in relation to the coming of Soshiosh, or Chrystos, the Messiah.

Explaining to the Magi that their visit then would be inopportune, Father Eliye persuaded them to return and abide with him for a time promising to guide them to the object of their search in the very near future.

At the appointed time Father Eliye led the wise men to the home of Miryam, in a remote village in Galilee, arriving there by night, the hour of which was determined by the position of the stars.

According to custom, current among the Medes and Persians, the Magi revealed the importance of planetary relations to the correspondences in humankind, and accordingly bestowed their blessings of affirmation. Recognizing in every child the possibilities of eugenic laws made manifest, the three Magi expressed with one accord their firm belief in the materialization of the fondest desires of parents as the child would wax in the wisdom of God, and increase in knowledge and understanding among men, in whose province lies the power to cultivate the heart and mind. Does Humanity Reincarnate ?

By Ernest Crutcher M. D., 32° F. P. S. Los Angeles

Afterwhile we'll be laughing to learn death was so friendly,
And the toils of life so fruitful for all living things;
And pain the seed of all our pleasure
And our worst of woes so like the foolish anguish of the babe,
Whereat the mother, loving most, smiles most.

FOR SOME, the idea seems nonsense, but to reflecting minds it is logical and just that we INHERIT OURSELVES. We are heirs of gains acquired in other lives. The next life is colored and gyved by the acts, thoughts, indulgences of this one.

In dying we do not cast away our individuality at all. It is ours, and indivisibly ours It is the experience of previous lives that gives wisdom in the succeeding. If we are no wiser in this life than in prior life we are delinquent indeed; and if we do not seek advancement now as anticipating other life, we are sadly neglectful of opportunity. For we are here now to gain other growth by experience, and wisdom through such chance. It was Voltaire who said "it is no more surprising to be born twice than once."

We are essentially after death that which we were before. It is remarkable that all spiritualists agree upon this point—that we begin life on the spirit plane about where we leave off, barring the prolonged rest some have to undergo before functioning over there. It is a delusion, said Schopenhauer, that man was created out of nothing and that his present life is his first entry into the world.. The mess most of us make of life seems really to warrant a new chance. But reincarnation is not simply a chance—it is imperative— again and again until wisdom ripens the soul into fitness for higher grade.

Earth is a primary school, and if one considers the billions of huge worlds that float above and unseeable, his insignificance grows upon him. Every particle of matter on earth has some type of life, and is it not rational that many of the starry host are populated? Not by earth types, nor by silly mankind, but "the hand of God is not straitened."

Study of the human body declares man of today quite different from the man of a thousand years ago. Theology denounces evolution, but science proves it true. Each of us is gracious example, for we carry many vestiges of changing nature. There are more than 100 remnant organs yet clinging to us like the seashells to Glaucus. Defective nutrition in some of these vestiges cause premature death of the whole; but death does not interrupt the onward progress.

Thoughts here create actual conditions for us in the next world era. We make friends or enemies in both worlds, for we are surrounded by invisible entities at all time. In fact, we are never alone. Our friends are alert to our welfare, quite as well as our enemies on spirit planes. Some spirits are very lonesome, and cling to incarnate man quite as closely as when on earth, participating in and even influencing our acts and thoughts. Like attracts, here or on spirit plane.

Our prayers are heard by both friends and enemies over there, and our petitions are frequently denied in silence because we blindly ask for some gift or condition that is not favorable to our well-being. There may be a conflict between the good and evil spirit hearers, for both are powerful. The wickedly-disposed of earth carry over with them the same evil bias they possesed here. Naturally, since after-death states are quite similar to now, the unprincipled resume their bent. Often, such types are changed for long periods, themselves suffering until by lashings of retribution, they repent AND make compensation to such as were injured. "Be not deceived: whatsoever a man soweth, that shall he also reap." Repentance or belief alone, cannot excuse. The sowed seed must be garnered by the sower, regardless of any "belief", to the contrary. It is very remarkable how often theology changes it dicta. and lure, to entice adherents to their respective dogmas.

The act of death does not admit to paradise nor hell. Life continues after death much as now. It is a process of evolution—an unfoldment and education. We enter there much as we did our primary school on earth. We are "promoted" as and when deserving and fit. It is experience and enduring that prepare each for individual advancement. Each station is earned. We get precisely what we deserve by personal endeavor and striving. The laws of Destiny—Providence—are unerring and just. Sins are forgiven when they are paid for by reparation and sincere regret. Vicarious atonement is absurd and unfair. We are obliged to pay in full. We are fully compensated, too, for goodness, good works, kindness .

It should be a comfort to the spiritual man to know his attitude of prayer attracts favoring entities about him, who are congenial to his spiritual aura. The general religious idea of hereafter consists of lazy existence and gentle dreaminess, with praising a Being that mortals can do naught to enhance His glory or help in any way. The reincarnationists considers his present work is **self-development,** with exercise of his privilege of making other happier, wiser, and aiding in unfoldment as hastening spiritual evolution of all. He saves his soul by serving to save others, by human service and individual sacrifice, a nobler conception than loafing in an idle heaven, twanging a harp.

Whether true or partially true, the claims of some cults touching reincarnation seem based on noble views and aspirings. It is difficult to write on these subjects because some superficial reader petulantly exclaims: "O, he is a spiritualist." Far from it. I know there is truth and phenomena in spiritualism. I also know it is a dangerous plaything and warn against it. The French School of Spiritualists teach reincarnation as factual.

Genius is not inherited. In fact, brilliant fathers generally have mediocre sons. Possibly these are sent to such circle as an opportunity for favorable environment, not having enjoyed such in a precedent career.

Genius is something that has been earned by endeavor, earnest striving, pain of trying. Nature is not dishonest, nor gives to any aught that has not been won, and never failing to bestow to the utmost whatever has been earned.

Death is a stepping stone up and out of earth's school onto another plane where, after rest and digestation of the lessons of the past, preparation is made for return again into school.

"I hope Allah will not make me immortal in this life; for death is His greatest gift to true believers," said the Khalif of Bagdad. Through that door do we **progress,** and its event is not to be feared. It is often regretted by those whom Destiny marks as tardy in unfoldment. One of the vital questions about birth and death of millions of infants is as to why they came, merely to be born and die? How unjust if their lives end in early demise. Everything is on earth for development; to learn by experience and not by precept. There is no hurry, since as many incarnations may be had as required to round out and mellow soul. Reincarnation seems reasonable because it affords new chances and ability to profit by subconscious knowledge laid down in precedent lives.

Hopelessness of German Slaves

Dear Mr. de Aryan:

I noticed since the war in Europe has been ended you are using a lot of good ink for the cause of the German people.

Considering the human and Christian principles which are guiding you in your newspaperwork you deserve a lot of credit. But on the other hand, what good will it do to the German race? Germany has been reduced in area to the size of California. A population of 85 million is forced to live in there. It has been stripped of all their industries, shipping and other transportation facilities. Most of their cities and residential homes are destroyed. Fourteen millions were thrown out of their homes or chased off their farms with only a shirt on their back. Hundred thousands of German war prisoners are kept in foreign countries for slave labor and away from their families, wives and children again. Children born there in 50 or 100 years from now are convicted as war criminals already and condemned to slavery. They have nothing to live for (nothing to work for) nothing to pray for, no hope of or for anything, but utter misery from the cradle to the grave. As General Roustinot, who has charge of the American occupation territory, told in an interview, "maybe in 25 years from now we might permit the Germans some kind of government", but as any body can easily guess it won't be a government for the German people.

How are 85 millions going to feed themselves living in such a small area? There is only one answer, as it was suggested once before by one Jewish columnist (I don't remember his name). "There are 40 million Germans too many".

To change that situation would mean another war, with bigger and better atomic bombs on both sides.

Besides the Potsdam peace is proclaimed by our Labor and churchleaders as a just peace, a victory of Christianity, over evil forces and as an editorial had it in the L. A. Examiner (Sunday Aug. 19) a God's Peace. Do you understand a God's peace! So keep still. Let the French and Russian soldiers rape the German girls on the street, whenever they feel like it. We are told they have brought it on themselves. Even though they were only children when the war started. Let them rob and starve the Germans until half of them are eliminated or have destroyed themselves and the rest have been educated in the finer points of humanity and Christianity and international brotherhood. In the meantime let ourselves disintegrate intellectually, morally and spiritually with the help of our hatemongers and corrupt church leaders, till someday our chickens come home to roost.

I have a father, 3 brothers and 3 sisters in Germany, all are good hard working honest people, who did not want or start this war. I have not heard from them since the outbreak of the war, but whenever I do hear about them I hope everyone of them has passed away, they undoubtedly will be better off.

That's the way I feel about that God's Peace, made in Potsdam.

Now go ahead and give me hell for my opinion, but I am, Sincerely yours, just the same,

—H. O.

N. Y. Jewish Girl Wins Title of "Miss America"

First N. Y. Girl to Win Title—Miss Phyllis Mathis of San Diego Second

NEW YORK (Special), Sept. 10,—New Yorkers, and especially the city's two million Jews, are rejoicing over the victory of Miss Bess Myerson of 3451 Giles place, Bronx, in winning at Atlantic City the coveted title of "Miss America," and a $5,000 scholarship (in music).

Miss San Diego (Miss Phyllis Mathis) won second—a $1,000 scholarship.

This is the first time in Atlantic City's 25 years of pageant history that a representative of America's greatest city has won the "Miss America" title.

Miss Myerson broke some other records also. She is the first top winner to have foreign born parents (Russian); the first "Miss America" outside of the "Nordic-Celtic" pioneer stock. She is of Jewish descent, the first of that group to win the title.

She is, however, doubtless of Slavic-Aryan blood, as are many of New York's Russian Jews.

Miss Myerson is five feet and ten inches tall in her stocking feet; 136 pounds; has dark hair and hazel eyes, and a magnificent figure. She is poised, stately, and talented in music, specializing in the piano, with the flute as a sideline.

She was the only one of the 13 finalists to win two firsts in the eliminations participated in by the 40-odd girls from all over America.

The talent requirement has lifted the standard of the competitors over the old days when beauty alone counted, but without lowering the physical aspect.

Talented girls are said to be more attractive, on the whole, than the dumb.

Miss Myerson captured the hearts of the soldier boys in the England General Hospital one afternoon during the pageant, when all the girls did their talent acts in a show, with songs, piano, violin, flute and marimba renditions, dances, etc. Miss Myerson gave them both "boogie-woogie" and classical selections on the piano and flute, and the boys voted her their favorite for the title. (She is as beautiful as she is talented).

Thus the popular taste coincided with that of the dozen technical expert Judges.

Although Miss Myerson is the first "Miss America" of Jewish stock, there was a lovely blue-eyed blonde, Elizabeth Goldarbeiter, "Miss Vienna Austria," also of Jewish stock, who won the title of "Miss Universe" at Galveston, Texas, in 1928, winning over the "Miss United States".

Miss Myerson is a graduate of this city's college for young ladies, Hunter, where she specialized in music; she is one of the few top winners to hold a college degree . She is 21. And perhaps the tallest girl to hold the title.

She has surprised everybody by refusing the stage and movie offers. She will study music.

Miss Mathis, of San Diego, with her smilling blue eyes, brown hair and charming figure was a close second to Miss Myerson. A Birmingham, Ala., girl of similar type was third.

Communist OGPU At Work

Hon. James F. Byrnes
Secretary of State, Washington, D. C.

Dear sir:

Now that our forces have conquered Germany, and "The Big Three" passed judgment upon her people in Teheran, Yalta and Potsdam, it is clear to all logical thinking men throughout the world that the decisions reached at these conferences have resulted in misery throughout Europe. **Hatred, fanatiscism, political ambition** and **lust** for **power** have directed the minds of just a few responsible individuals, who made decisions for even unborn generations for hundreds of years to come.

Once upon a time the citizens of the United States were told to save the world for Democracy. They went to war for this ideal. German-Americans, Austro-Americans, Sudeten Americans and others—even German Nationals were sent against their brothers, sisters, cousins and parents to kill their own kin. All for the sake of **Democracy**, for **Freedom** and **Liberty.** And what do we have to offer our German-American heroes, who with loyalty and devotion to democratic principles were prepared to make the supreme sacrifice without reservations?

More starvation, privation, raping, the up-rooting of millions of innocent individuals, the continuous robbing and murdering of relatives, the withdrawal of all human rights with dispossession of rich and poor alike.

Even a Churchill, now relieved of his responsible position of Prime Minister could not refrain from asserting in the house of Commons on August 16th: "At present, a family might be gathered around the fireside enjoying the fruits of their toil, when suddenly there is a knock at the door & heavily armed policemen appear. It may be father, son or friend sitting in the cottage who is called out, taken away into the dark, and no one knows whether he will ever come back again or what is his fate.

"All they know is, that they had better not inquire. There are millions of humble homes in Poland **Czechoslovakia** and Yugoslavia where this fear is the main pre-occupation of family life—their fear is of a policeman knocking at the door."

Is it for this we sent our sons, brothers and husbands to **kill for Democracy's sake? For Freedom from want and for Freedom of Religion? Thou shalt not kill ! !**

More than 1,000,000 **Americans** of **Sudeten German origin** are raising their voices in protest against the **Potsdam "Charter of Ruin."** Especially, the clauses concerning the Sudeten German people. The program of the Czech President and his self appointed cabinet of half insane Czech Nationalists and Communists, does not represent the will of the people, nor does it denote any trace of democracy as we have been continuously and falsely informed. It is **communistic, barbarous, treacherous and blood thirsty.**

In Article Five of President Benes's program, he states: "We shall have to adopt an uncompromising attitude towards the Germans and Hungarians. Our Slogan will be. **"Cleanse our country of everything German, culturally, economically and politically."**

Deputy Foreign Minister Dr. Hubert Ripka declared: "German and Hungarian minorities will be deprived of their nationality rights" (March 12th).

Bohumil Lausman, Minister of Industry, speaking on May 20th, declared that factories and mines formerly owned by Sudeten Germans are already being placed under State Administration.

According to Czech Minister B. Lausman, May 21st, only four political parties will be permitted in Bohemia and Moravia; namely Benes's Socialistic Party, the Czech Catholic Democratic Party, Social Democratic Party, and the Czech Communist Party.

Three and one half million Sudeten Germans do not need any more respresentation in their country. It is a fact now. They had been **"liberated"** of their **belongings, disowned** and **chased from their lands, and stripped of all personal properties** and forced out of the country of their birth and their ancestors. With the support of the **Reds**, Benes's self appointed Czech Government found no opposition in dealing with the Sudeten German question. The members of his cabinet apparently were very proud to announce a few weeks ago the **disowning of two and one half millions of Sudeten Germans without compensation.** Again, there was no protest. And now it is a matter of fact that **all three and one half millions have been forced out of their homeland.** Their confiscated properties are automatically turned over to Czech Patriots for immediate possession.

Three and one half millions! More inhabitants than the population of Norway (2,900,000) and nearly equal in number to Finland (3,800,000) or Switzerland (4,000,000). They tilled the lands of their fathers for thousands of years. But some of the Czech political aspirants and their fanatical scientists wrongly maintain that the Slavic settlers came into Bohemia from the South at the time the Celtic tribes migrated from the North. According to the latest reports before the war these **falsifications have been denied** by some of their own Professors of archaelogy, L. Niederle, J. Schranil, Helmut Preidel and others.

In hundreds of pre-historic burial places excavated in Bohemia, Moravia and Slovakia, **evidences have been found, denying these misrepsentations.** Those scientific findings brought to light the fact that the earliest settlers there were **Germanic tribes, namely, Marcomanni,** who populated the regions of Central Europe before Christ. This **completely** repudiates the Czech assertions that the Slavs were the first to settle in the Sudeten living space. Documentary proof of a Germanic past is clearly evident in the names of **localities, villages, and plains, all of Germanic description or origin.** As an example, **the name of "Bohmen" is a thousand years older** than the Slavic equivalent.

We Sudeten-German-Americans, who fought bled and died for the preservation of Democracy, demand to know what the fate of these unfortunate people is going to be. Robbed and stripped of everything, homeless, **what is being done for them?**

We helped the Jewish refugees and other Immigrants and emigrants, but we are forced to remain silent and ignorant in this matter which, of course, concerns only three and one half millions of Sudeten Germans. Can we really close our hearts to their misery and suffering so as to starve these innocent people to death? Young and old alike, wiping out the entire population of their country. Are we guided by Satan, or should we have mercy upon their souls?

In 1938 England sent Lord Runciman into the Sudeten German territory to investigate the unemployment, the suffering and the starvation of these people. The report to his government gave a far graver picture of the conditions there than had ever been previously described.

We know now what hunger does, we know that we have to feed the hungry people to keep them from revolting. We also know that it is **undemocratic, cruel and devilish to forcibly submit masses of people to starvation.** Why did we not protest to the Czech Government or regime as far back as 1938 about the unjust treatment administered to these minorities? England protested then and she protests now in 1945, but why do we keep our eyes and ears closed? Is it possible that the Government of these United States is in support of the tyranny, persecution, starvation, rage and violence of the Czech administration against its minorities?

Are not the Czechs actually a minority in their own state? Yes they are. The Sudeten, Poles, Hungarians, Jews and other minorities amount to 6,880,062 and the Czechs themselves to 6,727,313 persons according to tabulations of 1932.

We Sudeten-German-Americans raise our voices in protest against the tryanny prevailing in the country we helped create. And we demand our State Department to investigate and protest at once, the action of the present Czech self-styled government.

Respectfully submitted,
JOSEPH T. AUER, Sec. Sudeten German-American League for Historical and Cultural Research.

U. S. Amost Bankrupt, Cannot Save Other Nations From Bankruptcy—New Hope For The "G. O. P."

By WASHINGTON ADAMS

WASHINGTON, (Special), Sept 16,—Britain's national debt runs around $1,900 per person, and she is admittedly bankrupt, by reason of her foolish ambition in two wars to crush her strongest commercial competitor.

America's national debt runs about $2,300 per person, and while she does not admit to bankruptcy, her total debts are greater than her national wealth. Figure it out yourself. And she is inflating her currency at the rate of 50 to 100 millions per week.

There are those who believe that the recent world war could have been avoided, if England and America had done their Christian duty, and that it developed into A FORM OF MASS INSANITY, which came near resulting in mass destruction of white civilization.

While sanity is rapidly returning to the people, there are those in the Washington camarilla who believe that America (already on the thin edge of bankruptcy and inflation) can continue to give away its national wealth without the ruin of its people and the subversion of its republican form of government.

People must HIGH-PRESSURE THEIR CONGRESSMEN AND SENATORS to quit "loaning" and giving away our national wealth. Promise them certain defeat at the polls if they continue it.

Many foreign countries are going bankrupt. We cannot prevent it, even if we go bankrupt ourselves in the effort to save them. It is the penalty of this foolish war, just ended. We can sell foodstuffs to our ex-enemies, whose civilization we have destroyed. We should do this, for the cause of humanitarianism. BUT NO COMMERCIAL LOANS BY OUR GOVERNMENT; nor any more GIFT MONIES, except in charity.

That socialist countries, like England and Russia, should ask us for money, to convert their countries to Marxianism and the destruction of free enterprise, is effrontery on their part, and INSANITY ON OURS if we fall for it.

NEW LIFE FOR "G. O. P."

For a time it looked like an Opposition party—the hope of this republic for 125 years—had vanished from the city of Washington.

William O. Player and Chas. Van Devander, writing from Washington for their left-wing N. Y. "Post", said **"We have a New Deal President WHOSE MAIN ENEMIES ARE THE SOUTERNERS OF HIS OWN PARTY."**

Small wonder these socialist reporters should have no respect for the old Republican party—once a brave and fearless fighter for seventy years, when it cravenly accepted a jackal statesman like Dewey of New York as its standard bearer; Dewey who should have been promptly expelled from the nomination and the party on the day that he ACCEPTED THE NEW DEAL INSANITY AS SOUND SENSE!

New life is appearing in the elephant. Some 150 House Republicans held a caucus last week to map a live-wire program of "pro-American" legislation. There was a Senate Republican meeting Saturday, to consider the socialist "full employment" plans.

There should be frequent G. O. P. meetings, jointly and separately, of the national "solons". They should draw up a legislative program; and dictate the party platform.

They should OPPOSE MOST OF THE DEAL'S SOCIALIST SCHEMES; demand the prompt return of our boys; oppose peace-time conscription (except the Swiss plan of summertime training of youths); reduce the Federal payroll by 80 per cent; modify the Wagner Union tyranny; destroy labor czar bossism; encourage men who want to create jobs; repeal tyrannical laws of all descriptions; etc., etc.

The American people are hungry for a real OPPOSITION PARTY—to challenge the vicious, unAmerican, foreign-minded and foreign-dominated NEW DEAL.

Dear Friend:

Herewith I enclose a few remarks in reply to your comments upon Free Economy, in recent issue of Broom. Being already much too long-winded I have refrained in this from showing the distinction which should be made between money as credit and savings for old-age, etc., etc., but can do so at a later date.

The purpose of this note is to assure you that what I send you is with the most friendly intentions possible and I trust you will so accept it. Nothing I write you is intended to be caustic or bitter or personal. Whilst I do not wish to force my views upon others I do trust that eventually we may be able to see F. E. more eye to eye than at present.

With best regards, sincerely yours, E. B. HILL.

Treasonable Letter Causes Furor in S. C.

COLUMBIA, S. C.,—Memorandums to the United States Department of Justice, the FBI, Gov. Ransome J. Williams and Atty. Gen. John M. Daniels were being prepared by the Progressive Democratic party requesting "appropriate action" against D. F. Jamison of Ridgeville, S. C., who has urged seizure of "state and county governments" so that rebellion against the Federal Constitution may be achieved.

Jamison, in a letter to the Charleston News and Courier, and bitter because congress continued FEPC, urged that all government posts in the state be seized "by leading men" who would choose a provisional governor and declare to the Federal government non-extistence of the 13th, 14th and 15th amendments to the Federal Constitution in South Carolina.

Yours truly, DAVID de ARYAN.

Dear Sir:

Will you please send me a copy of Monday, September 3, 1945 of The Broom. A neighbor loaned me her paper and it was destroyed by mistake and I want to replace it if possible.

And oblige, — — M. H.
